WASTEWATER TREATMENT FACILITY SUPERINTENDENT

Boscobel Municipal Utilities is accepting applications for the Wastewater Treatment Facility Superintendent position. All applicants will be required to have a Commercial Driver's License or the ability to obtain the CDL within the six-month probationary period. The successful applicant will be required to have the minimum basic grade certifications in subclasses specific to Boscobel's Wastewater Treatment Facility or the ability to obtain the required certifications within 18 months of hire. Applicants with current certifications and/or experience may be given preference in the hiring process.

Qualifications for this position include a working knowledge of modern activated sludge wastewater treatment operations, lift stations, the ability to perform routine equipment maintenance, laboratory tests and analysis. The position must be available for overtime, weekend/holiday work and emergency standby on a rotating schedule.

Starting wage is commensurate with qualifications and certifications. Fringe benefits include health insurance, life insurance, paid holidays, vacation and sick leave, and Wisconsin Retirement Program.

Applications will be accepted until the position is filled. Application form is available online at www.boscobelwisconsin.com under City Government. Resumes may be submitted with the application.
